Bill Reported: Report was made as follows: H.R. 5833, providing 3-year extension of existing suspension of duty on certain copy shoe lathes and suspending for 2 years operation of certain social security legislation so as to correct medicaid abuses, with amendment (after Senate recommitted bill to Committee on Finance with instructions to report it back forthwith with a modification of the original committee amendment on medicaid—no written report). **Pages 17702–17704**

Bill Referred: H.R. 7906, providing a system for taxation by States of interstate commerce, was referred to Committee on Finance. **Page 17695**

Great Plains Program: H.R. 10595, to extend the period for entering contracts under the Great Plains program for 10 years beginning in 1972, was passed with amendment to substitute for its text the language of S. 1790, companion bill, as it had been passed on June 26. XUM

ture and Forestry was discharged from further consideration of H.R. 10595. S. 1790 was indefinitely postponed. Pages 19695–17696

Tariff—Medicaid: Senate passed with committee amendment, H.R. 5833, providing 3-year extension of existing suspension of duty on certain copying shoe lathes and suspending for 2 years operation of certain social security legislation so as to correct medicaid abuses.

This action was taken after the bill was recommitted to Committee on Finance with instructions to report it back forthwith with a modification of the original committee amendment on medicaid. This modified amendment provides (1) a 2-year suspension, rather than an indefinite suspension, of provisions of the law requiring States to constantly expand the benefits of medicaid so that such services will be provided to all indigent residents; (2) would require States to maintain the non-Federal expenditures level in their medicaid programs; and (3) would require a State desiring to cut back such services to make certification of the effective controls it is exercising on cost of such programs. Pages 17702–17704

Tariff—Dependent Children: Senate adopted conference report on, and cleared for White House, H.R. 8644, to make permanent the existing temporary suspension of duty on crude chicory roots and to repeal the freeze on aid to families with dependent children. Pages 17704–17705

Williams (Delaware) point of order was sustained against a Yarborough amendment specifying that of the original funds in the bill, $3.145 million shall be for multiple-trip business deliveries of mail and $4.169 million shall be for special delivery services.

Senate insisted on its amendments to the bill, asked for conference with House, and appointed as conferees Senators Yarborough, Byrd (West Virginia), Montoya, McGee, Randolph, Boggs, Allott, and Fong. Pages 17748–17755

By a teller vote of 159 yeas to 192 nays, rejected the Dowdy substitute, which provided for a district plan under which a candidate gets one electoral vote for each congressional district he carries and two for each State. If a candidate gets less than a majority of the electoral vote, the decision goes to a joint session of Congress with each Member casting one vote.

Rejected the Eckhardt substitute, which provided that electors are mandated to ballot for the candidate receiving the largest vote in their State. If no candidate had a majority, Congress would select the two highest contenders and the procedure would be the same as in the district plan (rejected by a teller vote of 64 yeas to 98 nays).

By a teller vote of 147 yeas to 179 nays, rejected the Poff substitute, which proposed a proportional plan, under which the electoral vote of a State would be divided among the candidates in proportion to their share of the popular vote. In the event of no electoral vote majority, the decision would go to a joint session of Congress, with the choice being between the two highest contenders, each Member having one vote. Prior to the teller vote, a perfecting amendment to the substitute was agreed to.

Rejected the Wylie substitute by a voice vote. This substitute would incorporate the winner-take-all plan, the district plan, the proportional plan, and the direct popular vote plan, and incorporate these plans into one package and allow the States to select the plan of their choice.

INDEX

This index is keyed to the DIGEST as published with the DAILY CONGRESSIONAL RECORD; the page references below are listed accordingly, as D5, D6, etc.

The bill numbers of proposed legislation are affixed to the subject references so that the subject matter of each measure will be readily available. The breakdown under each subject divides the action on the proposals according to: Communications from the President, hearings or actions by House or Senate committee or joint or conference committee, consideration or action by House or Senate Chamber on the measures, and the public law numbers when the bill or resolution has been enacted.

The use of an index so devised serves a twofold purpose: Gives all references to such legislation in the DIGEST as well as accounts for the status and history of each bill or resolution.
